

The image displays a 20x20 grid of squares. Each square is either white or a shade of gray, creating a complex, abstract pattern. The pattern is composed of several horizontal bands of varying densities of gray squares. Some areas are completely white, while others are solid black. The overall effect is a textured, almost pixelated image. The pattern is not uniform, with some areas being more dense than others, and the gray squares are distributed in a way that suggests a larger, more complex structure.

A 5x25 grid of squares representing a sparse matrix. The squares are arranged in a pattern that suggests a banded structure with some off-diagonal elements.
