A 20x20 grid of small squares, some filled with black ink, forming a sparse pattern. The pattern is irregular and non-repeating, with black squares scattered across the white background. The distribution is roughly uniform, with some areas having slightly higher density than others. The overall effect is a noisy, random-looking texture.

The image displays a 12x25 grid of squares. Each square is filled with a different shade of gray, ranging from very light to very dark. The overall pattern of the grid is noisy and abstract, with no discernible shapes or figures. The distribution of gray tones is uneven across the grid, with some areas appearing lighter and others darker.

A 5x20 grid of squares representing a sparse matrix. The squares are arranged in a pattern that suggests a banded structure with some additional non-zero elements.
