The image displays a 12x24 grid of small squares. The squares are arranged in a regular grid, with some squares being black and others white. The pattern is sparse and abstract, with black squares appearing in various positions across the grid. The pattern is denser in the upper rows and becomes sparser towards the bottom. The squares are arranged in a regular grid, with some squares being black and others white.

A 20x20 grid of small squares, some of which are filled with black ink, forming a sparse pattern. The pattern is most dense in the center and fades towards the edges. The squares are arranged in a regular grid, with some squares being solid black and others being white.

A 15x25 grid of small squares, some of which are filled with black ink, forming a sparse pattern. The pattern is roughly rectangular, with the top row being the most complete and the bottom row being the least complete. The filled squares are distributed across the grid, with some clusters and many empty spaces.
