A 10x10 grid of squares, each containing a small, dark gray square. The squares are arranged in a grid, with the dark squares appearing at various positions, creating a complex, abstract pattern. The pattern consists of numerous small, interconnected shapes and voids, resembling a cellular automaton or a fractal-like structure. The overall effect is a dense, textured field of gray and white squares.

The diagram consists of three horizontal rows of small squares. The top row contains 20 squares, the middle row contains 20 squares, and the bottom row contains 10 squares.

A 10x25 grid of squares. The squares are filled with varying shades of gray, representing a noisy image of the letter 'A'. The noise is represented by squares that are either black or white, while the letter 'A' is represented by squares of varying gray intensity. The letter 'A' is centered in the grid, with its top at row 1, column 10 and its bottom at row 10, column 10. The letter 'A' is composed of three main strokes: a vertical stroke on the left, a vertical stroke on the right, and a diagonal stroke connecting them. The noise is distributed throughout the grid, with some areas being more densely noisy than others. The overall effect is a noisy, pixelated representation of the letter 'A'.

A 3x20 grid of squares representing a 3D object. The top row has 18 squares, the middle row has 20 squares, and the bottom row has 16 squares. The squares are arranged to form a rectangular prism with a 3x4x5 structure.

[illegible]

The diagram consists of three horizontal rows of small squares. The top row contains 8 squares, the middle row contains 9 squares, and the bottom row contains 7 squares.
