[illegible]

The diagram consists of three horizontal rows of small squares. The top row contains 20 squares, the middle row contains 20 squares, and the bottom row contains 16 squares. All squares are white with black outlines.

The diagram consists of four rows of small squares. The top row has 18 squares, the second row has 24 squares, the third row has 24 squares, and the bottom row has 10 squares. The squares are arranged in a grid-like pattern, with some squares missing in the top row to form a specific shape.

☐ ☐ ☐

[illegible]

The figure shows a 5x25 grid of squares. The squares are arranged in a pattern that suggests a banded structure with some additional non-zero elements. The pattern is as follows:

- Row 1: Squares at columns 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25.
- Row 2: Squares at columns 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25.
- Row 3: Squares at columns 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25.
- Row 4: Squares at columns 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25.
- Row 5: Squares at columns 1, 2, 3, 4, 5, 6, 7, 8.

The diagram consists of three horizontal rows of small squares. The top row contains 20 squares, the middle row contains 20 squares, and the bottom row contains 16 squares. Within these rows, certain squares are shaded gray, while others are white. The pattern of shading appears to represent a specific dataset or feature set across the grid.

A 4x20 grid of squares representing a binary sequence. Row 1: 10101010110101010101010101010101. Row 2: 00000000000000000000000000000000. Row 3: 00000000000000010000000000000000000000. Row 4: 00000100000000000000000001000000000000.

A 3x20 grid of squares representing a 3D object. The top row has 19 squares, the middle row has 20 squares, and the bottom row has 15 squares. The squares are arranged to show a rectangular prism with a 3x20x15 volume.

A 3x25 grid of squares representing a 3D object. The top row has 25 squares, the middle row has 25 squares, and the bottom row has 13 squares. The squares are arranged to form a rectangular prism with a 5x5x3 structure.
