A 10x25 grid of squares. The squares are arranged in 10 rows and 25 columns. The squares are filled with varying shades of gray, representing a noisy image of the letter 'A'. The noise is represented by squares that are either black or white, while the letter 'A' is represented by squares of varying gray intensity. The letter 'A' is located in the center of the grid, with its top at row 1, column 12 and its bottom at row 10, column 12. The letter 'A' is formed by a vertical stroke on the left, a vertical stroke on the right, and a horizontal crossbar in the middle. The background is filled with a random pattern of black and white squares, representing noise.

[illegible]

A 6x20 grid of squares. The squares are arranged in 6 rows and 20 columns. The squares are filled with varying shades of gray, representing a noisy image of the letter 'A'. The top row is mostly white with some light gray squares. The second row has a few dark gray squares. The third row has a few dark gray squares. The fourth row has a few dark gray squares. The fifth row has a few dark gray squares. The sixth row has a few dark gray squares.

☐ ☒☐ ☐ ☐ ☐ ☐ ☐

The diagram consists of four horizontal rows of small squares. The first three rows each contain 16 squares, while the fourth row contains 7 squares.
