A 6x25 grid of squares. The squares are arranged in 6 rows and 25 columns. The shading of the squares varies, with some being white, some light gray, and some dark gray. The distribution of shading is not uniform, with some areas being more densely shaded than others. For example, the top row has a few dark gray squares, while the bottom row has a few white squares. The middle rows show a mix of all three shades.
